Warm weather will soon be here, and the better class of husbands will begin to think about buying their wives the kind of stove that will make their kitchen the most comfortable and cool. The wisest wives will begin soon to hint for just such a stove by asking hubby if he has read Davidson's "ad" about those Insurance Gasoline Stoves. If hubby sort of swells up and says: "I love you too well to ever have you use a gasoline stove, they are dangerous," tell him that Davidson also has a large line of Standard Lighting Co.'s Wickless Blue Flame Oil Stoves that cost less to run than a wood stove and are absolutely safe.

WE HAVE SECURED THE AGENCY FOR THE 1902 UP-TO-DATE INSURANCE GASOLINE STOVE in 12 different styles and sizes.

U KANT FIGGER OUT AN AXIDENT WITH THE 1902 INSURANCE GASOLINE STOVE. Turn the most meddlesome, ornery kid you have in the house loose with it and he can't do any harm to himself or the house or with the stove.

Section Director.

NECKTIE PARTY.—There will be an apron and necktie party in Padgett hall Friday night, though it is promised that nobody will be hanged. The dancing will be followed by refreshments.

BUCK NOT GUILTY.—The case of the territory against Tom Buck for negligence in his duties as a member of Company B, N. G. A., was finished yesterday morning in Justice Gray's court and the jury returned a verdict of not guilty.

KING'S DAUGHTERS.—The King's Daughters social at the Baptist church will be one of those pleasant occasions which none of their friends can afford to miss. One of the attractions on the programme, and there are others, will be a vocal duette by Mrs. Pliny Thurstald and Miss Lena Purdy.

INDIAN SCHOOL ENTERTAINMENT.—There will be a musical entertainment at the Indian school in a few days, the proceeds of which will go to the treasury of the Indian school fund. The date has not been definitely announced yet, but the entertainment will probably occur on Saturday night.

WILL RETURN TO PHOENIX.—H. H. McNeil has received a letter from Charles L. Mosher, formerly a Phoenix newspaper man, saying that he expects to return here next summer or fall. He has for some time been living in the Printer's home in Colorado, where he is being treated for an affection of the lungs. He writes that he is improving in health.

WERE J. K. DAY'S EFFECTS.—Mention was made by The Republican of the sale of the personal effects of John McCarty a day or two ago. Instead of John McCarty it should have read J. K. Day. The sale was under the direction of T. M. Bower, administrator of the estate of Mr. Day, who was formerly a partner of McCarty. Mr. Bower had nothing to do with the McCarty estate.

GUN CLUB SHOOT.—The following scores were made at the practice shoot of the Phoenix Gun club yesterday afternoon. A high wind blowing made the scores lower than usual: Altken, 9, 10, 10, 10; Hawk, 8, 2, 4, 4, 4; Hunter, 7, 8, 8, 7, 10; Kolb, 4, 6, 7, 5, 6; Wallace, 9, 7, 7, 9, 7; Morgan, 4, 5, 8, 7, 3, 6, 5; Scotten, 5, 7, 5, 3, 6, 5; McPherson, 4, 7, 7, 4, 7, 8; Kibbald, 5, 7, 6, 5, 6; Harrison, 7, 6, 7.

AN ODD COLLECTION.—The city police are engaged in making a collection of bicycles and bicycle parts. Every day or two they pick up some piece of a bicycle in the suburbs of the city, dropped by one or another of the thieves who are continually operating. They have in the collection two gentlemen's wheels which they would be willing to dispose of to the owners on proper proof being established.

DR. KENNEDY SERIOUSLY ILL.—News was received by H. M. Kennedy yesterday afternoon that his father, Dr. V. P. Kennedy of Aberdeen, S. D., was dangerously sick and not expected to live. Dr. Kennedy was an able physician, who with his wife spent a winter in this city ten years ago and who always felt a longing to return here to live. He made many friends who will be pained to hear of his serious illness.

FIRST OF THE SEASON.—While citizens are commenting on the unpleasant March winds that have prevailed for some days past, it is well to remember that after all it is nothing in comparison to the weather in other parts. In fact Buxton & Co. yesterday had strawberries on display, a thing that would not be impossible almost anywhere else, in March. They were big red strawberries at that, showing that

WILL PLAY "FAUST"—It is announced that Phoenix lodge, K. of P., is arranging to present "Faust" to the theater going public at an early day. The play will be directed by a competent manager and no trouble or pains will be spared to make it a success.

SUIT FOR DIVORCE.—Lillian B. Barr yesterday began suit in district court against William T. Barr for divorce on the grounds of cruelty. The plaintiff also asks possession of the property and for alimony. They were married in Kansas seventeen years ago and have several children, for whose custody the plaintiff prays.

AN ARIZONA VISITOR.—Mr. and Mrs. E. W. McDough of Detroit are in the city and were guests of the Hotel Adams yesterday. They are traveling in their private car and were here several days ago, having since visited other parts of the territory. Mr. McDough is general counsel for the Grand Trunk Railroad company.

NOTED SURGEON HERE.—Dr. J. B. Murphy of Chicago arrived here yesterday morning and is registered at the Hotel Adams. Dr. Murphy is one of the most celebrated and successful surgeons in the world and is the inventor of the Murphy button, an article well known not only to medical men but to the general reader by reason of its universal use.

NEW CORPORATIONS.—Articles of incorporation of the Arizona-Mexican Mining company were filed in the office of the county recorder yesterday. The capital stock is \$100,000; the incorporators are J. L. Mattox, C. E. Cooper, J. W. Kirkwood and C. S. Carnaghan of Venango, Pa. Articles were also filed of the No-Ark Lead and Zinc company, with a capital stock of \$2,000,000. The incorporators are J. H. Hammond, C. W. Walters and G. O. Rogers of St. Louis.

A MODERN OFFICIAL.—Mr. E. M. Johnson of Denver, supreme chancellor of the United Moderns, who is making a tour of the southwest, will be in Phoenix April 7 and 8. Mr. Johnson is a well-known business man of Denver, having been prominent in financial circles before the founding of the United Moderns, in which he participated. It is expected that he will deliver a lecture one night during his visit here and the other will be devoted to a social function in his honor.

COMPANY B DRILL.—Company B will have regular drill at the armory tonight. After drill the case of the territory vs. T. J. Buck will probably be thoroughly discussed. Very few of the members of the company are satisfied with the verdict, but all express satisfaction that the question, "Can a member of the national guard be arrested and tried before a justice of the peace for remaining away from drill or parade prescribed by law?" has been very emphatically decided in the affirmative. It will probably be a long time before another national guardman will care to test the law.

DISTRICT LODGE I. O. O. T.—Maricopa district lodge will meet in regular quarterly session in Tempe on Saturday evening next and the members of the local lodge are planning to attend in a body. At the session of Garfield Valley lodge on Monday night R. C. Stanford and Freeman Ellis were named as a committee on transportation and it is probable that a hay ride will be arranged for the occasion. The excursion will start from the W. C. T. U. reading rooms about 6 o'clock. The delegates from Phoenix are: Freeman Ellis, Minnie Wright, Nellie McFall, W. F. Davis, Mrs. Davis, Ora Donn, Lizzie Gray, Edyth Knight, Ethel Donn and R. C. Stanford.

Read the character of a drug store in the record of its prescription department. All that a drug store is or does or aims to do finds expression there.

The accurate filling of prescriptions with drugs of known purity and at just prices is the first and highest mission of a pharmacy. A large prescription business is the highest testimony a store can have; it implies confidence on the part of both public and physicians. Such a business we have. We want you to benefit by our splendid service, and we promise to make the price right.
